

Product Name :
Microprocessor Visible Spectrophotometer**Product Code :**
ALABS-A67-078**Description :****Microprocessor Visible Spectrophotometer**

The monochromator with a holographic flashing grating is used. It has the benefit of excessive wavelength precision, excellent monochromaticity and low stray light.

- Automated switching of tungsten halogen lamp and deuterium lamp.
- A pattern compartment for zero.5cm-10cm cells.
- Laptop keep an eye on device, exact computerized T/A changeover.
- Computerized zero and whole scale adjustment.* Direct focus learn-out and focus issue surroundings perform.
- Outfitted with RS232 port. Printer may also be linked and information may also be despatched to PC via unique device.
