

Product Name :
Microprocessor Based pH Meter

Product Code :
ALABS-A67-086

Description :

Microprocessor Based pH Meter

Key Features Microprocessor Based pH meters

- Microprocessor-Based
- Based on Advanced SMT technology,
- High performance
- Excellent Stability And Repeatability
- 2-point Push Button Calibration
- Auto-Buffer Recognition
- Self-Diagnostic with Message Codes Display
- Automatic temperature compensation
- Large LCD Display

- Simultaneous display of the measured values(, pH/mV)
