Product Name :	**Product Code :**
Microprocessor Based pH Meter	ALABS-A67-086

Description :

Microprocessor Based pH Meter

Key Features Microprocessor Based pH meters

- Microprocessor-Based

- Based on Advanced SMT technology,

- High performance

- Excellent Stability And Repeatability

- 2-point Push Button Calibration

- Auto-Buffer Recognition

- Self-Diagnostic with Message CodesDisplay

- Automatic temperature compensation

- Large LCD Display

- Simultaneous display of the measured values(, pH/mV)
