

Product Name :
Pillar Drill Machine**Product Code :**
TVETWE24009**Description :**

Pillar Drill Machine

Technical Specification :

Moreover, the machines offered by us have demanded their economical rates.

Clients can avail these machines in various diameters and thickness as per their requirements.

The machines offered by us are widely used in various drilling and allied applications.

Capacity - 19 mm to 50 mm

Machine Type - Semi-Automatic

Power Consumption - 2 HP

Boring in steel - 60 mm

Spindle Travel (Manual) - 245 mm

No. of spindle speed - 8

Electric Motor 1. - 5 H.P.,1440RPM

Drilling in Steel - 38 mm

No. of Auto feeds - Fine Feed

Power supply - 415V, 3Phase

Drilling in C.I. - 40 mm

Tapping capacity in steel - 25 mm

RAM Diameter - 72 mm

Range of spindle speed - 80 to 2550 RPM
