

Product Name :
Cone Penetrometer**Product Code :**
TVETSO30015**Description :**

Cone Penetrometer

Technical Specification :

The percentage moisture contents determined when cone with half angle of 15-30 minutes under a total sliding weight of 148 gm penetrates 25 mm gives the liquid limit.

For determining the liquid limit of soils.

This is specially useful to obtain reliable and accurate results for those soils which have the low plasticity index.
