

**Product Name :**  
Universal Dividing Head**Product Code :**  
TVETMT32008**Description :**

Universal Dividing Head

**Technical Specification :**

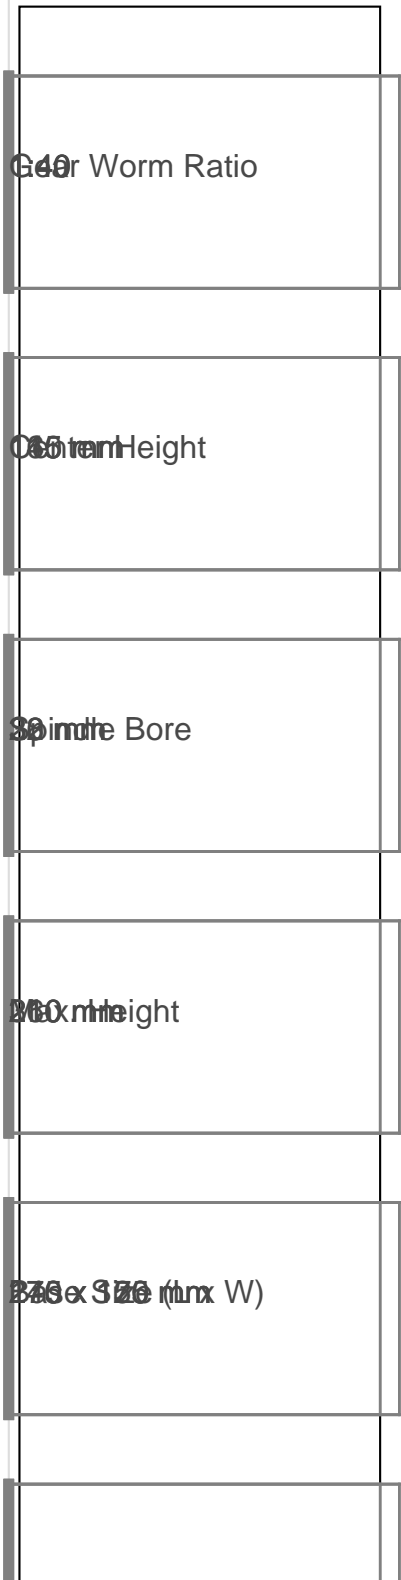

Work piece can be circularly indexed and precisely rotated to preset angles or circular divisions.

Universal Dividing Heads for Tool Room and Production applications.

This allows your operator to accurately position the workpiece to any angle with an indexing plate.

The manual indexed (hand crank) head operates at ratio 40:1; i.e. 1 spindle revolution of 9 degrees per 40 crank turns.

It is suitable for indirect as well as differential indexing.

02500 (Approx.)
