## $\triangle$ ALTEC ${ }^{m}$

```
Product Name :
Smart Mill 600
```

## Product Code :

TVETCN35015

## Description :

## Smart Mill 600

## Technical Specification :

The machine concept of the Smart mill series convinces by compact design, High rigidity through box structured base \& column design with the highest quality.

Educational Lab Equipments brings to you the smart mill series of VMCs with features such as $8,000 \mathrm{rpm}$ spindle with CTS, tool magazine 20 tools with double gripper ATC, side chip conveyor with built-in coolant system, high rapid traverses, and high-tech controls.

Various options make this model a flexible means of production.

Sustained quality performance due to high rigidity, and thermal stability.

Operator's comfort due to environment-friendly working.

## Machine Standard Features:-

Linear motion guideways for $\mathrm{X}, \mathrm{Y}$, and Z

Automatic tool change

Coolant system

AC digital spindle drive

AC digital servo drive for all axes

Centralised and programmable lubrication

Quality electrical devices with air-conditioned panel

Controlled temperature, humidity, and dust free electronics

## Optional Feature:-

Programmable 4th axis

Chip conveyor

Auto door

AC digital spindle drive

AC digital servo drive for all axes

Tooled up machine to meet customer need

High-pressure coolant

Any other CNC control system

3D software
