

Product Name :
Sectioned Diesel Engine (Common Rail) Trainer**Product Code :**
TVETAU36012**Description :**

Sectioned Diesel Engine (Common Rail) Trainer

Technical Specification :

The engine is operated by hand and is sectioned so that all moving parts can be seen and the way they interact can be observed.

This trainer provides the instructor with a complete 4-cylinder diesel engine for group or whole-class demonstration, mounted on a moveable, heavy-duty steel frame.

The trainer allows the instructor to demonstrate the following:-

The position and mounting of all engine components.

The operation of crankshaft and pistons.

The timing relationships between engine components.
