

Product Name :

Blood Pressure Machine-Mercury Free - Medical and Diagnostic Equipment

Product Code :

EEMED55M0040

**Description :**

Blood Pressure Machine-Mercury Free - Medical and Diagnostic Equipment

Technical Specification :

LCD mercury free sphygmomanometer is a new generation mercury free blood pressure meter which is still made with Krotkoff Sound. It displays results with LED bar graph and completely solves the pollution and the harm of mercury in. LED bar graph sphygmomanometer is an accurate measuring instrument for hospital, clinic and even house using. It does not cause pollution and easy for use, durable. There is a button beside the LCD screen, if you put the button down, it will be Oscillometric measuring method for the measurement by puffing the bulb manually. It is like digital blood pressure meter, it is used by puff the bulb manually. When the LCD column reaches to about 160-180mmHg, it stops puffing for about 10 seconds and the value displays on to the screen. It is easier than Stethoscopy method.
