

Product Name :

Pillar Drill

Product Code :

EEMTL71M0012

**Description :**

Pillar Drill

Technical Specification :

The machines offered by us are widely used in various drilling and allied applications. Moreover, the machines offered by us are demanded for their economical rates. Clients can avail these machines in various diameters and thickness as per their requirements

Features:-

- Low maintenance
- Corrosion resistance
- Efficient performance
- Pillar drill
- Table dimensions : 560mmx560mm

- Motor capacity: 2.5KW

Specification:-

- Drilling Capacity in solid : -
 - Drilling in Steel : 38 mm
 - Drilling in C.I. : 40 mm
 - Tapping capacity in steel: 25 mm
 - Boring in steel : 60 mm
 - Spindle Travel (Manual) : 245 mm
 - Range of spindle speed : 80 to 2550 RPM
- Electrical
 - Power supply : 415V, 3Phase
 - Electric Motor : 5 H.P., 1440RPM
