

**Product Name :**  
Belt Surface Grinding Machine (For Specimen Preparation)**Product Code :**  
EEMTL71M0019**Description :**

Belt Surface Grinding Machine (For Specimen Preparation)

**Technical Specification :****Specification**

Distance between the centers of two rollers: 255mm

Equipped with water cooling system

Sand belt: 920mm x 100mm (L x W)

Rotating speed: 1400 rpm

Surface speed: 768 rpm

Motor: 550W

**Features:**

Durable

Corrosion Resistance
