

**Product Name :**  
Belt Surface Grinding Machine (For Specimen Preparation)

**Product Code :**  
EEMTL71M0019

**Description :**

Belt Surface Grinding Machine (For Specimen Preparation)

**Technical Specification :**

**Specification**

Distance between the centers of two rollers: 255mm  
Equipped with water cooling system  
Sand belt: 920mm x 100mm (L x W)  
Rotating speed: 1400 rpm  
Surface speed: 768 rpm  
Motor: 550W

**Features:**

Durable  
Corrosion Resistance
