

Product Name :
TIG Welding Machine

Product Code :
EEMTL71M0029

Description :

TIG Welding Machine

Technical Specification :

Features

- Hi Performance in TIG / MAG Welding
- Heavy Duty(35% -60%)
- Performance in working widely uses for Mild Steel, St. Steel & Aluminium, Bronze Alloy Wires.
- Suitable for Solid Wires & Flux Cored Wire Continuous & Consistent Welding.

Supply 10%

Phase

Frequency

35Ad

0.8t

20/100 Min./Max.

07+24 Volts

Cleaning Width

0.5+2 Frequency

~~Type~~ Cooled

~~Weight~~

~~Key Feature~~; Carbon free clear
Welding.
