

Product Name :
Planetary Mono Mill Machine**Product Code :**
EEMSL72M0002**Description :**

Planetary Mono Mill Machine

Technical Specification :**Description:**

The monomill is used for quick dry or wet grinding of inorganic and organic samples for analysis, quality control, materials testing and mechanical alloying

Dimensions:and Weight

500 x 370 x 530 mm (height x width x depth)

Weight:

approx. 67 kg (net), approx. 87 kg (gross)

Operating Noise can be as high as approx. 85 DB, The value fluctuates greatly depending on the speed and the material being ground

Voltage 220-240V, 50Hz

Power input**Power consumption****Material** feed size approx. 10 mm

Maximum feed quantity 225 ml

Dry grinding down to $d_{50} < 20 \mu\text{m}$ (depending on material)
Wet grinding down to $d_{50} < 1 \mu\text{m}$ (depending on material)
