

Product Name :
Inverted Metallurgical Microscope**Product Code :**
EEMRL74M0004**Description :**

Inverted Metallurgical Microscope

Technical Specification :**Description:**

It is used for Topographical analysis with facility such as interfacing with a computer and equipped with software for image analysis.

Specifications:

- 10X – 20X, 40X Phase Annulus Plate
- Coaxial Coarse & Fine Adjustment, Vertical Objective Movement.
Coarse Stroke 37.7 mm per Rotation and Fine Stroke 0.2 mm per Rotation
- Dust Cover
- ELWD Condenser NA0.3, LWD72mm, (Without Condenser 150mm)
- Filter diameter 45 mm, Blue, Green & Ground Glass
- High – Point, Extra Wide Field Eyepiece EW10X/22

- Illumination : Halogen Lamp 6V/30W
- Infinitive PLAN PHASE objectives : PH 10x/0.25 WD10mm, PH 20x/0.4 WD 5.1 mm
- Infinity Optical System
- LWD Infinitive PLAN objectives : 4x/0.1 WD18mm, 40x/0.6 WD 2.6mm (Cover Glass 1.2mm)
- Plain Stage 160x250mm, Glass Insert, Auxiliary Stage 70 x 180 mm
- Power supply (110V/220V)
- Quintuple Nose Piece
- Siedentopf Trinocular Head inclined at 30°, Interpupillary 48 – 75 mm
