

Product Name :
Surface Roughness Probe

Product Code :
EEMET75M0002

Description :

Surface Roughness Probe

Technical Specification :

- Standard Pickup for surface roughness.
- Surface roughness tester standard Pickup probe.

Features:

- Applicable in production site, laboratory and workshop in factory
- Easy operation menu and large LCD display
- The sensor sliding along the surface by driving the mechanism
- Highly sophisticated inductance sensor
- The exclusive DSP processes to outputs the measurement results on LCD
- Manual or automatic shut down

- Circuit with high capacity
- Small in size, light in weight and easy to use
- Can communicate with PC computer for statistics
- Compatible with four standards, ISO, DIN, ANSI and JIS
