

Product Name :

Controller

Product Code :

CENG0008

ALTEC™**Description :**

Controller

Technical Specification :

- This compact unit has analogue electronic circuits connected in blocks.
- These blocks mimic the important parts of industrial controllers.
- Clear diagrams on the front panel of the controller show the blocks, each of which has its own set of connection sockets.
- The user connects the blocks in any way that they need and then connects them to their chosen products in the range. The controller also includes an interface with D/A (digital to analogue) and A/D (analogue to digital) connections.
- Summing junctions.
- Phase lead.
- Proportional and integral blocks.
- A function generator and digital voltmeter.
- A complete three-term PID (proportional, integral, derivative) block.

- Fully adjustable potentiometers that can work as setpoints or attenuators.
