

Product Name :
Wheel Loaders Electric Circuit Training Simulator

Product Code :
AUTE0022

A large, light gray watermark of the ALTEC logo is centered in the background of the main content area.

Description :

Wheel Loaders Electric Circuit Training Simulator

Technical Specification :

Effective to educate the troubleshooting and inspection theory/training.

Is the best model to see operation state and location of components by making parts which aren't seen at an actual one open.

An educational unit for understanding the components of the Wheel loaders electric system and training.

Composition : ECU, Battery, operating lever, light system, horn, hydraulic lever, starter motor, battery connector, relay, digital meters,

power DC 24 V battery, 2 A meter, 2Vmeter

Electric circuit equipment using Heavy machinery wheel loader

Weight : approx. 350 kg

Size : approx. 2,000 X 600 X 1,700 mm

Measuring the input/output data in each component.
