

Product Name :
Core Drilling Machine (Petrol)

Product Code :
CELB0005

A large, light gray watermark of the ALTEC logo is centered in the main content area of the page.

Description :

Core Drilling Machine (Petrol)

Technical Specification :

- The Pavement core drilling machine is produced to cut cores up to 200 mm diameter from concrete, asphalt and similar hard construction materials.
- A water spraying assembly is mounted on the machine.
- The machine comprises a vertical support column which carries the drill head/motor assembly.
- The motor assembly comprises a 6.5 Hp 4 stroke high quality petrol engine.
- A ball screw mechanism enables close control of the drilling pressure and rapid return.
- Coring Bits should be ordered separately.
- The complete assembly is supplied on a rigid wheel mounted metal base frame with leveling and fixing facility during the operation.
- Height : 1300 mm
- Base : 625 x 900 mm
- Head travel on rack : 500mm

- Drill speeds : 900 R.P.M. for soft samples
- R.P.M. for hard Samples: 350
- Water swivel : Built in the machines.
- Thin wall diamond bits.
- Core barrel.
- Petrol engine 190 cc
