

Product Name :
Dorry Abrasion Testing Machine**Product Code :**
CELB0019ALTEC™**Description :**

Dorry Abrasion Testing Machine

Technical Specification :

- It consists of a disc rotating about a shaft connected to a reduction gear box coupled to a motor.
- Two Conical Hoppers are mounted on a bracket fixed to the circular tray.
- An arrangement is made for start and stop the flow of sand.
- The disc rotates at 28-30 RPM.
- Under the rotating disc is a tray with an outlet to facilitate the removal of sand.
- Two containers with weights are supplied to keep the specimens pressed against the rotating disc.
- Suitable for operation on 220 V, 50 cycles, A.C. Supply.
