

Product Name :
Emergency Trolley With Drawers

Product Code :
ALABS-A50-048

Description :

Emergency Trolley With Drawers

Technical Specification :

Long edge has 5 side-to-side drawers, for storage of medicine, renewable and small equipment.

Front of each drawer fits with prefixed holder for content identification strips

Drawers have recessed finger grip-hold, leaving front entirely flat

One central lock secures all drawers

Emergency response trolley with work surface and storage space

Heavy duty carriage mounted on 4 swivel castors, two with brake and four with anti-static wheel.

Work surface with elevated edges, along one length and both widths, is finished with an anti-slip layer

Key is unique for each single trolley, key-bow folds away from key-blade avoiding breakage when inside lock

Inside of the drawers is customizable, with organizer dividers

Flat worktop slides in/out from underneath work surface, extending the workspace

Both castors with brake are mounted at the push-bar handle side

One short side is fit with push-bar handle

With protective bumpers at all four corners

Integrated fitting with lid for 2 waste baskets (4.5-6L each, the total capacity is 9-12L) and for 2 sharps containers (1.0-2.0L each, the total capacity is 2.0-4.0L).

High resistance to corrosion (tropical environment)

Push handle: Austenitic stainless steel 18/10

Worktop extension: ABS or equivalent polymer

Caster wheel: single wheel, mold-on type, non-hooded (for easy maintenance), anti-static

Frame, side panels, base and drawers: epoxy coated steel plate, ABS or equivalent polymer

Caster frame/bracket: steel or nylon

Caster brake: total-lock type (wheel and rotational lock)

Wheel bearing: sealed bearing in the swivel and the wheel

Swivel is ball-bearing
