Product Code :

NTH0017

A large, light gray watermark of the ALTEC logo is centered in the main content area of the page.**Description :**

Latrine Add-On Child and Disabled People

Technical Specification :

This kit is designed to enhance accessibility and use of a squatting plate by children and adults with disabilities.

Add-On kit for use with standard squatting plate of dimensions 120 cm x 80 cm.

Used with family or communal latrine slabs, or in health centres, feeding centres, temporary learning centres and schools, child friendly spaces, etc., it is composed of an elevated toilet seat with a support frame capable of supporting the weight of a person during the independent or assisted transfer of people with disabilities to and from the seat (for example transferring from a wheelchair).

Each kit is easy to assemble to provide a stable and durable installation for one latrine in emergencies.

Add-On kit for use with standard squatting plate of dimensions 120 cm x 80 cm.

This kit is designed for children and adults with disabilities, particularly those with mobility difficulties, to facilitate use when installed on one squatting plate.

The superstructure of selected latrines should be wide enough to allow a person with a wheelchair to enter and maneuver.
