

Product Name :
Hydraulic Press Machine**Product Code :**
EEMECH45M0023**Description :**

Hydraulic Press Machine

Technical Specification :

- Cylinders manufactured out of quality steel.
- Cylinder Bores will be honed to mirror finish or long life of piston seals.
- All chevron seals & bronze strip used for leak proof performance.
- Surface ground hardened for long life of seals & corrosion resistance.
- Capacity in tones: 5 -200
- Pressure: 25 mpa
- Table travel: 200 - 270 mm
- Motor H.P: 2 - 10
- Bed size: 235x235 - 750x800
