

Product Name :
Air Conditioning Teaching Unit Refrigerator**Product Code :**
RCTE0004**Description :**

Air Conditioning Teaching Unit Refrigerator

Technical Specification :

Consisting of the following technical features:

- 1.2 Compressor: Hermetic ¼ hp to ½ hp, single-phase, 220 to 230VAC/50Hz with thermal overload protector (changeable)
- Condenser: 2 units of air cooled type with 2 units of variable speed fan motor
- Evaporator: 2 units of evaporator with 2 units of variable speed fan motor
- Metering Device: R-134a,
- Fan Motor: 2 units of variable speed condenser fan motor
 - a) single-phase, 220 to 230VAC/50Hz
 - b) ON/OFF switch applied to switch on/off fan motor
