

Product Name :
Trainer For Refrigeration Air conditioning

Product Code :
RCTE0021

Description :

Trainer For Refrigeration Air conditioning

Technical Specification :

This trainer design hydraulic circuit, enable students to analysis refrigerator system electronics components feature and reliability, and can simulate main fault in refrigerate cycle circuit.

II. Product feature

The training bench takes aluminum frame structure, it is concise and fastness, it is not only to lighten the equipment, but also ensure the strength of equipment, it is equipped with 4 universal casters on its bottom, which is easy to move. The refrigeration circulation pipeline is laid on installation panel, it is painted with different colors on high and low temperature area, which is easy for observation and distinguish.
