

Product Name :
Fundamentals of Sediment Transport**Product Code :**
FUDE0013**Description :**

Fundamentals of Sediment Transport

Technical Specification :

experimental unit for bed-load transport in open channels

transparent, circular, oval flow channel as open channel

variable-speed paddle to generate the flow velocity

experimental section with transparent deepening for holding the sediment

low-turbulence flow at the inlet to the experimental section thanks to a flow straightener

paddle driven via electric motor and belt drive

three different bridge piers for observing fluvial obstacle marks on piers
