

Product Name :
Cavitation Demonstration Unit

Product Code :
FUDE0019

Description :

Cavitation Demonstration Unit

Technical Specification :

A small scale apparatus designed to demonstrate Cavitation using an Hydraulics Bench

The apparatus consists of a circular Venturi shaped section manufactured from clear acrylic

Three Bourdon gauges indicate the static pressure upstream of the contraction, inside the throat and downstream of the expansion

Flow control valves upstream and downstream of the test section allow flow conditions to be optimised for the demonstration of Cavitation
