**Product Name:** 

Plate weirs

**Product Code:** 

**FUDE0031** 

## **Description:**

Plate weirs

## **Technical Specification:**

- flow over sharp-crested weirs
- typical measuring weirs: Thomson weir and Rehbock weir

Sharp-crested weirs are a type of control structure that dam up an open channel in a defined manner. They are often used to determine the discharge of an open channel.
