

Product Name :

Airflow System

Product Code :

FUDE0033

Description :

Airflow System

Technical Specification :

The Airflow System and its range of optional accessories enable students to safely investigate the fundamentals of airflow and simple aerodynamic experimental procedures.

The unit consists of a small footprint, high volume high pressure centrifugal fan with adjustable flow control, inlet and outlet couplings. The Airflow System is available with an extensive range of optional accessories that makes the unit a very flexible and economic investment

The unit provides an extensive and expandable range of studies for students in the following disciplines.
