Assembly Kit Of Hydro-Sanitary Systems**Product Code :**
FUDE0062**Description :**

Assembly Kit Of Hydro-Sanitary Systems

Technical Specification :

This kit enables students to acquire some experience in sanitary systems, fittings, valves, traps, ventilation network, geometric layout of drains, overall dimensions and standards regulating the inside arrangement of bathroom fittings. Analogous importance is reserved to the preparation of the connections of cold and hot feeding water that must be set at certain heights and at certain distances so that installation becomes fast and correct besides complying with the mutual distances between the various fittings.
