

Product Name :
Comparison of Different Heating**Product Code :**
THML0012**Description :**

Comparison of Different Heating

Technical Specification :**Features**

- setup of a complete domestic heating system together with hot water generator
 - 2 independent heating circuits:
 - floor heating
 - forced convector with fan, 2 radiators
 - control devices for both heating circuits
- Learning objectives/experiments
- design of a floor heating with controller and actuator
 - temperature-led heating controller (outside temperature) with three-way mixing valve
 - design of a room heating system with radiators -
 - thermostatic valve
 - one-pipe radiator valve

- design of a room
