

Product Name :
Hand Drilling Machine

Product Code :
PCBL0015

Description :

Hand Drilling Machine

Technical Specification :

Product use: complete the circuit board via, components, board a hole drilling

The properties of product: with the soft switch, push rod can automatically start power supply, convenient operation, good stability and big head used together with drilling, drilling high quality, easy to operate.

Driving way: dc motor drive directly drill chuck

Speed: 10000 r/min
