

Product Name :
Solar Energy Trainer**Product Code :**
RENV0007**Description :**

Solar Energy Trainer

Technical Specification :**I. Equipment Overview****1 Introduction****1.1 Overview**

This training system simulate solar generate electricity process, enable students to learn wind and solar generate electricity. This trainer cultivate students hand on ability, it's suitable for engineering university, training institute, technical schools.

1.2 Feature

(1) Solar energy generate electricity set: use aluminum column structure, photovoltaic panel can track and be adjusted, simulate light source can be adjusted for 120 degree in horizontal direction.

(2) It can do many experiment circuit and components, students can combine them to different circuit, do different experiments and training content.

(3) Training workbench with safety protection system.

Training table size: aluminum frame, aluminum alloy hanging box unit form?the bottom is with universal wheels, dimensions 1400mm x 700mm x 1500mm (LxWxH)
