

Product Name :

Motor

Product Code :

ELTC0206

**Description :**

Motor

Technical Specification :

Specific characteristics:

Class: Single-phase; Power: 1 horsepower (hp);

Type: Permanent capacitor;

Current type: Alternate;

Supply voltage: 115 to 230 Volt;

Additional characteristics: Frequency 60 Hz, Rigid horizontal base, Frame NEMA 48 0 56, Housing type OPD or TEFC, CW / CCW rotation, delivered and working 100% in the Electricity Workshop of the new Villa Nueva Training Cent
