

Product Name :
Advanced Maintenance Electrician Training Maintenance

Product Code :
ELTC0213

Description :

Advanced Maintenance Electrician Training Maintenance

Technical Specification :

Motor start training

Motor braking training

Motor control training

CA6140 lathe testing

X62W milling machine testing

T68 boring machine testing

Electric pulley-block testing

Motor mechanical performance (rotation speed, torque, power included)

Mitsubishi frequency converter application training

PLC training
