

Product Name :
Laboratory Testing Equipment Manufacturer**Product Code :**
ALABS-A213-004**Description :****Laboratory Testing Equipment Manufacturer**

Leak Test Apparatus offers phenomenal compactness in GMP Stainless Steel. The instrument is equipped with long lasting vacuum pump, which gives higher level of vacuum in shortest possible time. Die pressed polycarbonate vacuum desiccator sustains vacuum for long time.

Technical Specifications -

Desiccator Diameter – 250 mm (10?)

Rating – 5A 230V AC

Vacuum Level – 22? Hg

Timer – 5 Minutes (Mechanical)

Desiccator Body – Polycarbonate Stainless Steel

Actual Size (in cm) – 36 (W) x 23 (D) x 25 (H)

Optional Accessory: IQ, OQ, PQ Documents, 6mm glass boiling tube, Silicon Oil 250 ml bottle
