Product Name :	**Product Code :**
Medical Lab Equipment Elisa Microplate Reader	HOSPITALLAB70005

Description :

Medical Lab Equipment Elisa Microplate Reader

Technical Specification :

7" LCD Touch Screen.

Window Operation System.

Test Results Simultaneous Displayed.

LED Light Source Lifespan over 100,000 hours.

200 Test Programs and 100,000 Results.

3 Shaking Modes with Variable Time.

Self-check, Malfunction Alarm.

Cancer Marker, Typhoid Fever Test.

HIV and Hepatitis Tests.

Shaking angles with variable time

Input type Membrane keyboard, Touch screen

Display type 5" TFT LCD, 800?480 pixels system

Wavelength 405-450-492-630nm, external optional filters

Power supply AC 100-240V, 50/60Hz accuracy

Light source Monochromatic LED Reading speed wavelength for whole plate

Interface RS-232, USB ports, SD card Repeatability
