

Product Name :

Medical Lab Laboratory High Speed Blood Refrigerated
Centrifuge Machine

Product Code :

HOSPITALLAB70010

**Description :**

Medical Lab Laboratory High Speed Blood Refrigerated Centrifuge Machine

Technical Specification :

The design of the whole machine is in line with the ergonomics, with a streamline design, better looking and more efficient.

Featured by intelligent control, easy and convenient operation, a touch panel and a simultaneous indication of both the set parameters and operation ones;

Use a brushless motor with high torque and variable frequency, with special combination of shock absorbers to keep the motor running smoothly.

With a complete steel structure and a stainless steel centrifuge cavity, it is sturdy and durable.

With multiple protection measures such as over heat and imbalance to ensure personnel and equipment safety;

With triple protective layers of steel bushings to achieve secure and reliable operation as well as personnel and equipment safety;

With imported fluoride-free refrigeration compressor unit to achieve fast refrigeration, high efficiency, excellent temperature control precision and reduced noise, hence steady and reliable.

With the inching function for momentary centrifugation;

With a motor gate lock mute mechanical & electrical integration.

Able to provide more than 20 kinds of operating modes for the user to programme and use freely;

9 levels for speed-up/speed down control;

Maximum rotation speed: 20000r/min, maximum centrifugal force: 27700xg.
