

Product Name :

Hospital Biochemistry Analyzer Medical Lab Clinical Semi Auto Incubation Function Chemistry Analyzer

Product Code :

HOSPITALLAB70013

Description :

Hospital Biochemistry Analyzer Medical Lab Clinical Semi Auto Incubation Function Chemistry Analyzer India China

Technical Specification :

Principle Photometric, turbidimetry

Method Multipoint, Two-point (Fixed time), Kinetic, Absorbance

Parameters 12 parameters

Mode Quartz flowcell or cuvette

Screen 5 inch color LCD touch screen

ARM series high speed micro CPU

Incubators at 37°C, 30°C or 25°C, $\pm 0.1^\circ\text{C}$

Timers with alarm

Optical system

halogen lamp, 6V 10W, 2000 hours, auto sleep

Wavelengths 405, 492, 510, 546, 578 and 630 nm

Wavelength accuracy

Absorbance repeatability

Reaction system

Electrical system

Adjustable

Software

Touch screen

Built-in printer

Reset

Printer* 35mm

Dimensions 270mm*185mm (L*W*H)

Software LIS

Auto print, manual print, Thermal printer

Language

Power 240 AC 50/60Hz

Power 100VA

Work Temperature

Relative humidity
