

Product Name :
LED Digital Display Medical Drying Incubator**Product Code :**
MEDICALLAB710004**Description :**

LED Digital Display Medical Drying Incubator India China

Technical Specification :

dual purpose of drying oven and incubator.

led digital display, microprocessor pid controller, key input mode.

timing range:1~9999min

cold rolled plate body structure with electrostatic painting.

polished stainless steel chamber.

observation window in the door.

forced convection for high efficiency temperature control.

over-temperature protection, sensor open circuit/short circuit protection.

auto-off protection with alarm.

parameters auto-save and auto-recovery if there's power interruption.
