

Product Name :

Medical Laboratory Equipment Portable Blood Gas Analyzer

Product Code :

MEDICALLAB7100013

**Description :**

Medical Laboratory Equipment Portable Blood Gas Analyzer India China

Technical Specification :

Small size(315*238*153mm)

Light weight<4 Kg (including battery)

Build-in high capacity rechargeable battery

Color LCD touch screen display

"traffic light" indicator

Build-in multimedia tutorials

Single use cartridge with multi tests

Safety and Environment protection

Long cartridge storage life at room temperature

standby without consumption and complete maintenance free

Fast, accurate, and convenient build-in auto calibration

Auto sample aspiration assures convenience and reliability

USB ports for data transfer

10,000 patient data storage

Optional data management software

Seamless integration with LIS/HIS through wired or wireless networking
