

Product Name :
Medical Equipment Blood Bank Refrigerator**Product Code :**
MEDICALLAB7100023**Description :**

Medical Equipment Blood Bank Refrigerator India China

Technical Specification :

Application.

Hospital, pharmacy factory, epidemic station, blood bank station, health center and lab.

Capacity: 90-1600 L

Control System:

Microprocessor controller, temperature ranging 4°C, can be set freely, controlling precision 1°C, display accuracy 0.1°C. Room temperature ranging from 0°C to 32°C

Combined with two exact sensors and auto defrost.

Structure Design:

Upright type, Exterior and inside all made from stainless steel

Four units Caster are mounted under the bottom

Two-layer glass door, and inert gas inside. and lockable

Interior fluorescent lighting

Adjustable 4 units shelves made of quality steel wire.

With temperature printer, record 7days data. 72 hour battery back up for printer and controller display.

Optional : chart recorder

Refrigeration System:

International famous compressor and fan motor, Optional Danfoss compressor

Forced air circulation system.

Highly effective condenser and expansive evaporator to provide quick freezing

Certificate:CE and ISO

Power

220-240V/50Hz-60Hz, back up power (UPS) can supplier according to customer's requirement.
