

**Product Name:** 

Part Automatic Hematology Analyzer

**Product Code:** 

MEDICALLAB7200016

## **Description:**

Part Automatic Hematology Analyzer India China

## **Technical Specification:**

5-part differentiation, 29 parameters, 1 3D scatter gram, 3 2D scatter grams and 3 histograms

Tri- angle semi-conductor Laser scatter combined with chemical dye method, advanced flow cytometry

Compact, powerful and affordable

Only 20ul sampling volume

Up to 80 samples per hour

3 counting modes: whole blood ,capillary blood and prediluted

Capability to flag abnormal samples

Large storage capacity: up to 100,000 samples

Impedance method for WBC, RBC, PLT counting

Cyanide-free reagent for Hemoglobin test
