

Product Name :
Medical 5-Part Automatic Hematology Analyzer**Product Code :**
PHARMALAB7300012**Description :**

Medical 5-Part Automatic Hematology Analyzer India China

Technical Specification :

5-part differentiation, 29 parameters, 1 3D scatter gram, 3 2D scatter grams and 3 histograms

Tri- angle semi-conductor Laser scatter combined with chemical dye method, advanced flow cytometry

Compact, powerful and affordable

Only 20ul sampling volume

Up to 80 samples per hour

3 counting modes: whole blood ,capillary blood and prediluted

Capability to flag abnormal samples

Large storage capacity: up to 100,000 samples
