

Product Name :
Electronic Balance 6000g**Product Code :**
ELCBLC1020005**Description :**

Electronic Balance, 6000g

Technical Specification :

The Portable Precision Balance offers advanced features in a compact, durable balance that stacks for easy storage.

Sturdy ABS construction allows the Precision Balance to stand up to demanding lab use.

Featuring multiple weighing applications including parts counting, percent weighing and accumulation, the Precision Balance provides fast, accurate weighing in a number of different environments – from science research in the laboratory or field, to manufacturing operations.

Precision Balance facilitates internal calibration without the need for external weights.

Technical Specifications :

Capacity: 6000g

Readability: 0.1g

Repeatability: 0.1g

Stabilization Time: 2.0

Construction: ABS plastic

Interface: RS-232, USB

Pan Size: 4.7" \varnothing / 120mm \varnothing

Linearity: 0.2g
