

Product Name :
Balance Triple Beam**Product Code :**
MECBLC1030003**Description :**

Balance Triple Beam

Technical Specification :

The- Triple Beam series are low cost mechanical balances, which meet the requirements for high precision and reliable weighing in laboratories, schools and industry.

Features :

Capacity: 2610g

Readability: 0.1g

Low cost and simple to use

Magnetic damping for faster stability

Stainless steel weighing pan

Ruler for measuring cm

Weight holders for storing additional weights

Security bracket

Rigid construction for durability

Zero adjust facility to enable zero reading

Notched and tiered graduated beams with centre reading

Tripod legs for density determination included

Large stainless steel pan

Lock down mounting slot for lock and cable.

Applications :

Weighing

Density of solids

Below balance weighing
