Robotic Line Tracer

Technical Specification :

Assemble the kit and use it in one of two ways, programming mode or line tracing mode.

With the supplied software and instructions get students to program the robot to navigate across the floor.

In line tracing mode, simply draw a line on some paper with a thick black marker and the robot will follow the course.

It accomplishes this with two optical sensors, somewhat similar to a common garden bug.

Size: 120(L) x 64(W) x 55(H)mm

Requires 2 x AA batteries (not included).
