

Product Name :
Spectrum Discharge Tubes**Product Code :**
COLMTY10700006**Description :**

Spectrum Discharge Tubes

Technical Specification :

Spectrum discharge tubes are used to show spectral lines of pure substances.

Except for Neon and Helium, these cannot be used as lamps are only for intermittent use.

Glass tubes with central capillary portion of about 9-10cm long with electrodes sealed at both ends and connected to lead wires protected by metal caps.

There are 2 ways to run the spectrum tubes:

With a spectrum tube power supply; or

With a spectrum tube holder, induction coil and power supply.

Address: 75, Lajpat Nagar-IV, New Delhi-110024 **Phone:** +91-9311469084
