

Product Name :

Spirometer

Product Code :

HALTH10900009

Description :

Spirometer

Technical Specification :

Spirometer, comes with 50 mouthpieces.

No calibration needed.

No messy setup or teardown.

Compact, easy to use and store.

Measurements of lung functions can vary dramatically from person to person.

It measures vital capacity, tidal volume, and expiratory reserve volume.

You can easily demonstrate and measure these differences in your classroom with this accurate, easy-to-use, handheld, dry gas meter.

Students can then calculate inspiratory reserve volume and inspiratory capacity from these values.
