

**Product Name :**

Light Science kit

**Product Code :**

SCEKIT0009

**Description :**

Light Science kit

**Technical Specification :**

Light: equipped with laser light source, flat mirror, convex mirror, concave mirror, convex lens, concave lens, models (sphere, rectangular pyramid, circular cone, cylinder, cuboid and so on ). It can be used to study the rectilinear propagation of light, reflecting imaging of light, refraction imaging of light, shadow.
